

HFFA NEWS

A Publication of the Heinrich Frey Family Association

Published Quarterly –

Last week in February, May, August, and November

www.hfrey.org

Hello to Our Cousins, Kin, and Other Readers,

The 2009 HFFA Reunion is over. Rose and I would have never stopped to visit Mineola or Golden, Texas without this HFFA event. We wish to thank **Tommy & Louise Wiggins** and the HFFA Board for making it all happen. We had a good time and were very happy that we were there.

After the reunion, we did some more traveling in Texas and learned something very important. We will not travel in Texas in June, July, or August ever again. Temperatures of at least 105 are an everyday occurrence! Wow, was it hot!!!!!!!!!!!!!!

However, if we ever find ourselves in the region of Mineola again, we know we'll stop at the **Ranchero Buffet** for a meal. The rumor is that some of our members might still be in there checking out the newest dinner selections.

In this issue of the newsletter, we will hear from our new HFFA President, **Gordon Fry**. He will run down the voting results from the general meeting held at the reunion.

We will also share with you the stories of **Judy Fry, Bruce Frey, and Lucy Gray**. They sent in their tales about what got them interested in family history.

About a month after our reunion, there was a special reunion held in Houston in conjunction with the 40th Anniversary of the first landing of men on the moon. **Norm Schulze** reports on that reunion.

In future issues of the HFFA Newsletter, we will need some help. We need your stories and contributions. It's not much of a

newsletter if it's not about the members. Please send me a paragraph or two about what got you interested in family history. Can you tell us about the rush you felt when you made a special family discovery?

My own tale is very simple. Due to special family circumstances I grew up not knowing very much about the Speers family. But, I was curious. In 1962, when I was 18 I ventured to Belle Vernon and Speers, PA and met a lot of Speers. Imagine, a town with the same name as mine! How special was that! Two of the people I met even had the same name as me, **Van Speers**. (If you hadn't guessed, Mike is my nickname.)

When I retired from teaching in 1997, it was one of my goals in retirement to learn more about the Speers. Somehow while noodling around on the computer I bumped into **Hank Adams** and **Charles Burgess**. Suddenly I found out that I was a descendant of **Heinrich Frey** as well as **Henry Speers** and a fountain of information was available. Today, that fountain is still gushing out names, dates, stories and all sorts of information. What a treasure!!!

Now, let's hear about you. Send us a story as long or as short as you need. We thank you in advance for your contributions.

Before I close, let me thank my wonderful partner, **Rose Horvath Speers**, for the special job of helping to edit the newsletter. She sure knows a lot more about spelling and grammar than I do. She's also a great traveling companion as we bounce around the country in our RV. Hey, look for our dog **Pepper**, he's in there, too.

Mike Speers

Chardon, Ohio

PRESIDENT'S MESSAGE

The 2009 Frey/Fry/Frye reunion is now history. It was well attended. Our hosts, **Tommy & Louise Wiggins** did a very good job and we owe them a debt of gratitude. Tommy has spent many years as Treasurer of the HFFA to which we are grateful. We appreciate his efforts and thank him.

Charles Burgess stepped down as President after many years of service to our association. He will be missed. However, he will remain the historian and continue serving our association.

Our new Vice President is **Eugene Frye**. Gene has served as a Board Director the past two years and we look forward to his being Vice President.

Mike Speers is our new Treasurer. Mike has served as our Newsletter editor for the past two years and keeps us informed.

Helen Staiger remains the recording Secretary.

Our Directors are **Harry Morrison, Phillip Frye, Wil Frye** and two new directors **Helen Frye** and **Ann Pasieka**.

The lifelines of our association are our Newsletter and Journal. Each one of us should send Mike news worthy items. We all have a story to tell or to seek information. We need to share our information. It is always a fun time at reunions looking over each other's information on their Frey/Fry/Frye line. It is even more important to share with each other. It is also very special to meet cousins from different parts of the country.

As your new President, I consider it an honor and a privilege to serve the Association.

We are looking forward to seeing Frey's Fort in Virginia at the 2011 reunion. The wheels have been set in motion and we will have more information in the future.

Gordon Fry

Arkansas City, KS

REUNION ATTENDANCE

It appears the following folks attended the 2009 Reunion in Mineola. Perhaps not everyone is mentioned. Some people came and went without signing in. This list is guaranteed NOT to be 100% accurate.

Gordon & Violet Fry, Tommy & Louise Wiggins, Don Frye, Judy Fry, Lloyd Fry, Charles Burgess, Helen Staiger, Jon Frye, Gene Fry, Chris Frye, Wil Frye, Tom & Rose Douglas, Ken & Helen Craig, Ralph & Marti Frye, Ronnie Ellis, Tom & Imogene Speers, Fanny Frye, Bob & Marilyn Fry, Roger & Shirley Coad, John & Janet Goforth, Stephen Fry, David & Chrystal Fry, Tonya Fry, Ann Pasieka., Mike & Rose Speers,

At least 36 attended from 12 states, Texas, Missouri, Arizona, Illinois, South Carolina, Ohio, Idaho, Louisiana, Pennsylvania, Florida, California, and Kansas.

Gordon Fry and Mike Speers

.....

Graduation:

I am proud to announce that my son, **Wesley Drew Frey** received his PhD in nuclear physics at Oregon State University the 13th of June, 2009.

Richard Frey
Fresno, CA

Congratulations to both Wesley and Richard. It seems that HFFA has quite a few folks with advanced degrees. We should take a poll. Send me a note.

RECORD KEEPING

New Members:

New Grandchild:

At the Mineola Reunion, **Fanny Frey** of Honey Brook, PA informed us that her son **Kristopher Frey** and wife **Annette** presented her with a grandchild back in April of 2007. Her name is **Nicolette Annabelle Frey**.

Fanny Frey
Honey Brook, PA

DEATHS:

ROBERTA FRYE CAPPIELLO, daughter of **Hilda** and **Miller Frye** of Wardensville, WV passed in November 2008 at her home on Buzzards Bay, Cape Cod, MA. She is survived by her husband Michael and three children **Robert Cappiello**, **Carol Couture**, and **Susan Frye Cappiello**.

Robert Mykle Cappiello
Palm Beach Gardens, FL

Dorsie Lee Cox, 20 Mar 2008

Cleatie Donald Cox, 12 Oct 2008

These brothers were the sons of **Edna Pearl Frye** and **Claude Columbus Cox**.

Edna was the daughter of **Isaac Minor Frye**.

Marti Frye
Lafayette, LA

Mark Durant, 1957 – 2009

Dan Frye says that he may be the son-in-law of **Jo-Ellen Frye Van Oort** who is the daughter of **Eldon Clay Frye** who is the son of **Isaac Minor Frye**.

Dan Frye
Fort Myers, FL

Benjamin L. Frye, 9 Oct 1920 – 23 Jul 2009.

He was a lifelong resident of Wardensville, WV, the son of **William Miller Frye** and **Hilda Heishman Frye**. He is a member of HFFA. He is survived by his wife, **Elizabeth Casto Frye** and two sons, **William Miller Frye II** and **Rodney Benjamin Frye**, four grandchildren and two brothers.

Martha W. Bradfield
Yellow Springs, WV

Maude Cox Dalton, 2 Oct 1909 – 19 Aug 2009

She was the daughter of **Pearl Frye Cox** and **Claude Columbus Cox**. Pearl was the daughter of **Isaac Minor Frye** and **Lulu Addie Brandt**. Maude was buried next to her husband, **Cecil Lee Dalton**, at Morgan Memorial Cemetery in Advance, Stoddard County, Missouri.

Maude's daughter **Dorothy Riley** is a member of HFFA.

Marti Frye
Lafayette, LA

HFFA Minutes

The Business Meeting of the HFFA was called to order at 2:05 pm on Saturday June 26, 2009 in Golden, TX.

President Charles Burgess welcomed everyone and thanked Tommy Wiggins and family for hosting the reunion in Mineola, TX. Approximately thirty-four members and guests were present to enjoy the Golden Community Center and Best Western accommodations.

The minutes from the 2007 reunion in Iowa were emailed previous to the meeting. There were no additions or corrections and were approved unanimously.

Reports:

The treasurer's report was presented with a 2007 beginning balance of \$3426.48. Ending balance through June 15, 2009 was \$2131.91. Motion to approve by Helen Craig, second by Chris Frye, approved.

Journal editor Jon Frye reported he is working on the next issue and will include the report from the current Mineola reunion.

Newsletter editor Mike Speers reported that he welcomes suggestions for articles and anything members wish to submit. He asked members to comment on any relevant issue, examples: the privacy issue, why did you get into genealogy. Let Mike know what's happening with your family tree work.

HFFA Board meeting report:

1. Norm Shultz will be hosting the 2011 reunion in Virginia. His program suggestions include a tour of Frey Fort, house and cemetery.
2. Tentative reunions are set for Ohio in 2013 and St. Joseph, MO in 2015
3. Links book: Dues were increased two years ago to help cover the cost of the links book. Updates have been sent out. Over 70 copies were sent hard copy. Printing and mailing costs are going up. Wil Frye noted that this can all be put on a CD with less cost. The Board approved to send a CD to new members instead of a hard copy. Wil stated that only sections 1 thru 4 and Harry Morrison's chart will be on the CD. Updates will be available every year via CD, if you ask for one. Members can print the copy themselves from the CD or can order a hard copy from Wil for \$55.00.
4. Website: is expensive (because we use so much space) and we want to

move to a free site. It was decided to close down the members' only section, not have back issues of newsletters, journals or the roster on the site. The index to articles will stay. The first six generations will be available. Site is:

<http://heinrichfreyfamilyassociation.cub.officelive.com/default.aspx>

www.hfrey.org will also work

New Business:

Ann Pasiaka thanked Charles Burgess for all his efforts these last two years.

Election slate of officers was presented. Chris Frye moved to close and elect by affirmation. Helen Craig seconded. Approved unanimously.

President:	Gordon Fry
V. President:	Gene Frye
Recording Secretary:	Helen Staiger
Treasurer:	Mike Speers
Directors:	Helen Craig
	Harry Morrison
	Phil Frye
	Anne Pasiaka
	Wil Frye

Chris Frye noted that they would hold a session for computer research at the motel later that day.

Jon Fry noted that some ancestry on rootsweb research is showing geotags and we may want to someday add latitude and longitude gravesite readings to the Links Book.

It was agreed that a good time was had by all attendees and everyone thanked Tommy for his hard work putting it all together, and that it was a good place to hold a reunion.

Ralph Fry moved to adjourn. Second by Marti Fry.

Meeting adjourned 2:45pm.

Respectfully submitted –

Helen Staiger

Recording Secretary

A FANNIN FRY

By Judith Elaine Fry

My name is Judy Fry. I am one of the Fannin Frys. I have been communicating with Gordon Fry for a few years. I got the latest newsletter and was delighted that the reunion will be in Texas this year so I will be attending. I emailed Charles to let him know and have mailed in my check for the reunion and have my reservation. I am so looking forward to meeting everyone and sharing stories.

In the newsletter you had queried about how we got interested in genealogy. Well, for me it was at Paris Junior College when I was taking American History, for what felt like the hundredth time. What was new is that on the first day of class, our instructor asked us to find a relative who lived in 1850 and tell the class about them. I went to the family house in Ladonia and talked with my Uncle Ben. He had a piece of paper showing that Abraham Kellar Fry and his wife Sarah McFall came from Palmyra, MO in 1853 with their nine children. He bought a huge parcel of land. This made history come alive for me.

Several years later, I began my journey into the family tree. I took a trip to Missouri where I didn't have any luck with record searches but lucked into finding Jim and Joe Fry who had the history that Jon Fry had given them. Wow, what a treasure trove of information!

I took that information and added the Texas connection to it. I wish that I had the patience and fortitude to put as much information into it as Jon had but it was there. I even put a copy with the Dallas downtown library. I have now done my mother's father's family, going back to 1705 when the Battins came from England as Quakers. Now, I have started on the grandmothers' families.

Unfortunately, I haven't had the time as in the past to work on researching but it's has been fun to find relatives that I didn't know that I had. I hope to see you at the reunion.

Judy Fry
Fort Worth, TX

A REUNION AT JOHNSON SPACE CENTER

By Norman R. Schulze

Joan and I flew to Houston 17 July 09 to attend the Johnson Space Center's Engineering Directorate's celebration of the 40th Anniversary of the Apollo Program's Lunar Lander, the Eagle, safely touching down on the surface of the moon during the Apollo 11 Mission.

I have got to say that this was one of the most spiritually rewarding events of my life. I came close to not putting forth the effort to go, and for us, so far away in Virginia, the trip was, indeed, quite an effort.

I had worked on Mercury, Gemini, Apollo, Shuttle, plus many other NASA unmanned programs, including aeronautical programs. Stations to which I reported included the Langley Research Center, the Johnson Space Center, and Headquarters. At JSC I worked in the Propulsion Division, among other offices. Many old colleagues and I chatted for the first time in nearly a quarter of a century; for others, it was close to a half century. Joan and I were among the first NASA employees to arrive in Houston where we had initially worked until site completion.

Joan started the library at the Manned Spacecraft Center (MSC), as JSC was initially known. I remarked to her after much time had passed during this trip, there is no way I could have conveyed to you the spiritual nature of this trip. I believe that the experience I had was quite different, that is, more profound than for one who is there and lives it all the time.

We toured the Space Center Houston museum located in front of NASA for the first time. The University of Houston, NASA Campus, held a special event to commemorate this historic event, one for all mankind. A few of us Apollo Alumni were in the auditorium and were requested to stand for recognition by a former Flight Director, Glynn Lunney before he said anything else. We even got to go into the house that I designed and built in Baytown, TX, the purchaser still being the resident since 1975.

Joan and I scheduled a Monday, 20 July, afternoon departure just to hear the first part of the overall, week long, JSC program to remember Apollo 11. Four managers were there to discuss some memories. I wanted to attend more, but it was after midnight by the time we got back home in Virginia.

Norm Schulze

Clifton, VA

Norm has agreed to be the host of our next HFFA Reunion. It will be in the vicinity of Winchester, VA. He has already arranged for the viewing and visitation of Frye Fort. That was the home of Benjamin Frye (1696 – 1753) and a very important part of the Frye family history. (You see a drawing of it on the cover of our HFFA Journals. Editor Jon Frye is the artist.) Norm is also an expert on the European heritage of Heinrich Frey.

I know that many of you in HFFA have a history in the space programs of our country. If any of you also attended the 40th Anniversary of the Apollo landing on the moon program at Johnson Space Center, please drop me a note. Somehow, I have the feeling that Norm Schulze is not the only one in our membership who was part of that historic event.

AN OHIO TWIG

By Bruce B. Frey

Newark, Ohio is a decent place to live. Although I have a Newark address, my family and I consider ourselves more part of the Granville community, the home of Denison University.

My 4th great grandfather, **Samuel Frey Jr.** b. 19 Mar 1762, d. 9 Apr. 1848, husband of **Rachel Jones**, son of **Samuel Frey Sr.** b. 13 Mar. 1727, grandson of **John Frey** b. 1700 (Frey Bible), great grandson of **Heinrich**, moved to the area in the early part of the 1800s, and is buried at Beulah Cemetery, which is only about 10 miles away. His son, **David, Frey**, my 3rd ggf, stayed in the area, while others moved away, such as another son of his, **Rev. James Frey Sr.** who moved to Iowa.

I took over as family historian for my twig of the Frey family about 10 years ago when my great aunt **Ruth Frey Atwood** died. While she was alive, she taught me how to do record searches and the basics of genealogy. I think she would be blown away with the information at our finger tips now with the use of the internet.

I inherited her thousands of pages of genealogy work on the Frey family. The original collection encompasses properly documented Frey information with sources, photos, and correspondence letters to numerous Freys across the country.

The last Frey project she was working on before she died, was specific information on the **Rev. James Frey Sr.** She had half the puzzle, primarily info about his first wife and their children here in Ohio.

She knew his first wife died and he went on to marry a second and they had more children in Iowa. From correspondence and investigation she got the names of the children from his second marriage, several of the children were marked with question marks indicating the absence of source information to fully establish the relationship. Then she got sick and did not have the ability to fully complete her project.

When I came into possession of her years of work, I was in the midst of finishing pharmacy school. I had a newborn and a young daughter of two. I was glad to be left the records and vowed to protect and preserve them. I eventually began a few small projects and worked up to a challenging one.

About three years ago, I heard about the **National Geographic Genome Project**. This project was created to trace early migration patterns of man. Being a scientist and interested in genetics, I found the web site, ordered a kit, then submitted a sample. I initially had no hint that it may help people with the same surname to connect to one another. Then, out of the blue last year, I got a match with a person with the same last name.

Richard Frey, a retired attorney from Fresno California, shot me an email. He provided some basic information about his line and asked if I knew any information.

I advised him to give me a few weeks to see what I could dig up, it actually ended up taking me a month.

Clarification and verification concerning his info increased our correspondence between one another for several weeks. Then one night, or should I say morning, I found it. I was so excited I wanted to call him that moment!

We were finally able to show the connection and relationship. His ancestor, **Smith Frey**, was the son of **Rev. James Frey Sr.** who I mentioned above as a brother of my direct descendant **David Frey**. I was excited that I could forward copies of some photos to him. Richard Frey was then able to find some additional information on his own concerning Smith Frey and he wasted no time in forwarding it on to me.

My great Aunt Ruth Frey was working on this twig before she got sick then later died. I could feel her spirit with me as her leg of the project was completed.

Bruce Frey
Granville, Ohio

MY INSPIRATION

By Lucy Gray

Thanks to my mother who did so much of our family searching, she encouraged me to take her to the Fry reunion in Lexington, Ky. There we met **Margaret Fry**. She really inspired me to do more with the family.

Again Mother got me to join DAR, have family reunions and go to reunions. There I would see and listen to family all over the country. Now I love to tell about our family.

We have compiled many, many books on the Fry, Corley, Maddox, Davis, Froman, Belwood, Mitchell, Duvall and Flood families. The best is getting all those books out to see what and who we are, then to tell all about the family.

After I retired, I spent many days at the library and courthouse. And, I can't seem to be able to pass up a cemetery. All researchers know that someone is missing and they might be in that small cemetery on the side of the road.

Again thanks to my parents **Paul Davis Fry** and **Mary Frances Belwood Fry** in making me a big part of these wonderful families.

Lucille Fry Gray

Shelbyville, Ky

The articles by Lucy Gray, Bruce Frey, and Judy Fry were submitted when I asked for members to tell us about how or why they got started in genealogy. It would be wonderful if more members would submit their own stories for future publication. My address for US Mail and email are on the last page of the newsletter.

NEWSLETTER EDITOR

TREASURER

KEEPER OF OLD JOURNALS

Two years, at the Des Moines reunion I was asked to become the Editor of the Newsletter. In a moment of confusion, I must have said yes.

This year, at the Mineola Reunion, I was elected as the new Treasurer of HFFA. That was fine because I had submitted my name as a candidate. What I didn't know was that with the title of Treasurer, you also get to be the **Keeper of Old Journals**.

Tommy Wiggins, Roger Coad, John Goforth, and myself loaded 26 boxes of HFFA Journals into the underbelly of the RV that Rose and I use to travel around the country. I have to thank them for this dirty, hot, sweaty work!

When we got home, Rose and I took an inventory of this wonderful collection and found that we have a lot of HFFA Journals to sell.

We all admire the wonderful job that **Jon Frye** does on our HFFA Journal. He publishes two of them per year. If you want any back copies, I know where you can get them!!! **From my basement!!**

They cost only \$5 per issue with a special price of 5 for \$20..

Here are some of the feature articles in some of the back issues. For example, here is a brief synopsis of each issue in Vol. 2 to give readers an idea of what each is primarily about.

Vol. 2, Issue 1: *The Shepler Papers, Part I*

Issue 2: *The Tennessee Migration Articles about Col. Abraham Fry, Henry J. Fry, Walter Scott Frye of Gallatin, TN and Walter Scott Frye of Palmyra, MO.*

Issue 3: *Civil War and World War II. Letter from James Wheatley to Luke Frye, Saga of Samuel Frye III, Of War & Remembrance –*

The Zeliadts, Henderson (Hank) Adams, the Frys of Ferndale, MI, and L. Vernon Frye.

Issue 4: *The Shepler Papers, Part II. Milestones (25, 50, 75, and 100 years ago in family history.)*

Issue 5: *Special Frye Fort edition. Included are a number of vintage photos of this landmark.*

Issue 6: *Special Heinrich Frye edition. Articles on Heinrich Frey, Francis Daniel Pastorius, and the Levering family. Also, the Belfry [1929] and Frye Fort [1935].*

Issue 7: *Early Frey generations. Articles primarily about Heinrich Frey and his sons Jacob and Benjamin.*

Issue 8: *Kentucky settlement. Articles about Coopers Run Baptist Church, the Ewalts in KY, and identifying various Benjamins in KY.*

Issue 9: *Various generations of the Peoria Fries. Articles include the Shepler Papers Part III, Smith Frye, and an autobiography of Cecilia Frye Griswold.*

Issue 10: *West coast migrations and Vol. 2 Index.*

My thanks to **Jon Frye** for this list and summarization, which has been gently lifted from Vol. 3, Issue 1. These topics sound so interesting that I'm going to go down to the basement and re-read these journals.

Remember, each issue is only \$5, or five (5) for \$20. Make checks payable to HFFA.

The most recent issue that Jon has published is **Vol. 4, Issue 3, Spring 2009**.

There are copies of EVERY back issue. We are limited on Vol. 1, Issues 1 – 5, but if there is enough demand, more can be printed. First come first served on those limited issues.

By the way, HFFA pays the postage for current members (about \$1.39 for one.) If you choose to pay the postage yourself, include that in your check.
